

# Joseph Vermeire

HEA VICE PRESIDENT CANDIDATE 2018

HEA has allowed me to represent members, work on educational issues and policy, hear concerns, problem-solve, and transform our working conditions - our schools and our classrooms!

My promise is to keep the crucial momentum of progress HEA needs. My goal is to serve as a strong, advocating voice for teachers. As a team player, I have worked to build a stronger union. As a transformative leader, I am committed to effect change for members and our students, striving for and achieving the schools we all deserve!
